

...AND IT WON'T COME TO AN END (by Lily Yellow)

Tears of a sapphire green
are running down my cheek.
I'm caught in a drain,
I'm caught in a drain.
And it won't come to an end.

Snow with a golden shade
is fallin' down on me.
I'm caught in a storm,
I'm caught in a storm.
And it won't come to an end.

Blood with a hue of blue
is floating down the road.
I'm caught in a vein,
I'm caught in a vein.
And it won't come to an end.

Rain of a dark shimmering red
is droppin' down on a roof.
I'm caught in a shower,
I'm caught in a shower.
And I'm wondering if it will end someday.
