

LOVE ME

Feeling like I have lost my mind
I run into the darkness, where I will find you.
Praying that no one can see me
when I'm on my way to my sweet temptation.

Gasping, my head is (still) glowing,
my body is trembling, I'm stuck on your lips.
Tryin' so hard to resist you,
I'm giving up fightin', feelin' your breath so near.

**Love me behind the curtain.
Thrill me and try to hide it.
Touch me like no one else did.
I cannot be here with you.**

Knowing, you're just an illusion
I don't dare moving, just to keep it real.
Wishing, it would be everlasting
I keep on dreamin', in my world of fantasy.

**Love me behind the curtain.
Thrill me and try to hide it.
Touch me like no one else did.
I cannot be here with you.**
